## SUPERVISORS HOLD REGULAR MEETING

The Board of Suprevisors met in regular session Monday, November 16, there being present Wm. H. Brown,' presiding, Jas. T. Casey John MacBain, Jos. M. Francis

Notification was received from the Superior Court of the fact that W. H. Underhill, the County Auditor had been adjudged incompetent and that his office was thereby declared vacant.

The chairman announced that nominations were in order to fill the unexpired term.

MacBain moved that Mrs. Flora Underhill be appointed. His motion was seconded by Casey and carried by the unanimous vote of the members.

The following resolutions of respect to the late D. E. Blackburn, representative of the Fifth Road District, were adopted on motion of Casey, seconded by MacBain:

"Whereas, Dr. D. E. Blackburn has passed to the Great Beyond. Now therefore, be it

"Resolved by this Board that we deeply regret the loss sustained by the death of one of our faithful colleagues; and be it further

"Resolved that when this Board adjourns that same adjourn out of respect to the memory of our deceased member; and be it further

"Resolved that a copy of this resolution be spread upon the minutes of this Board and that the Clerk is hereby directed to forward a copy thereof to the widow of the deceased."

D. E. Watkins, secretary of the California Automobile Association addressed the board, asking that an additional $500 be donated to assist in defraying the cost of erecting signs throughout the county designating the different roads and the distances between towns

On the suggestion of MacBain, it was ordered that Mr. Watkins present his application in writing at the next meeting of the board.

It was at this time suggested that the county papers give notice that the destruction or defacing of the signs will incur severe punishment.

Attorney W. J. Locke, representing the incorporators of the City of San Bruno, addressed the board, asking that the petition recently filed be accepted and that notice be given of the date of election.

A resolution was presented by Casey who moved its adoption, seconded by Francis, fixing December 18th as the date on which the election will be held.

Traffic Officers Brown, Lowans and Vallejo rendered reports of their services to date which were accepted and filed.

Coroner Plymire presented a report showing the disposition that had been made of the effects of certain deceased indigents. The report was accepted.

A communication was received from the Belgian Relief Committee of Redwood City, urging the board to make a contribution to assist in the work that is being done.

D. E. Graham, chairman of the committee, addressed the board, making known what had already been received from local sources for the cause.

Action on the matter was deferred until afternoon.

Wm. H. Shaffer of San Bruno applied for a license to peddle meat in the First township. The application was referred to Casey for a report at the next meeting.

H. A. Davidson, superintendent of Cypress Lawn cemetery, addressed the board on the need of a culvert to carry off the flood water at the cemeteries and advocated the purchase of a right of way through Kempf's property for that purpose.

The price of $800 demanded by Kempf was deemed exorbitant and it was ordered, on motion of Casey, seconded by Francis, that a committee of three, composed of the members from the First, Second and Third districts be appointed to act with the Surveyor and cemetery superintendents in securing a right of way at a reasonable price.

The dispute between the board and C. C. Tichenor of La Honda, regarding the construction of the road along the latter's property was taken up.

Donald MacKenzie, who was appointed one of a committee to adjust the matter, reported that Mr. Tichenor's buildings could be moved for $475.

A second report signed by C. M. Anderson was presented, estimating the cost of moving all of Mr. Tichenor's buildings at $3852.50.

At the suggestion of MacBain, the matter was postponed until the next meeting and in the meantime the Survyor will estimate the cost of constructing a retaining wall on the north side of the road with the idea of widening the road without encroaching on Mr. Tichenor's property.

A petition signed by John Tiedeman and others of Colma, was read, asking that two additional lights be installed in the Colma Lighting District.

The petition was granted on motion of Francis, seconded by MacBain.

Wrightson, Anderson & Yost sent a communication asking for an extension of thirty days on their road contract between Montara and Halfmoon Bay. Granted on motion of Francis, seconded by Casey.

A communication was received from the State Railroad Commission, promising to investigate the telephone service at Colma, concerning which, complaints had been made by the board.

A second communication was received from the commission promising to make a full investigation of the closing of Tanforan avenue at San Bruno, which matter had also been referred by the board on complaint of San Bruno residents.

Surveyor Neuman notified the board that the Woodside road had been completed by Clark & Henery and was ready for the board's acceptance. The road was accepted on motion of MacBain, seconded by Casey.

The Surveyor also reported that the road from Colma to Edgemar, built by James Willison, was ready for acceptance. It was decided that the board would inspect the road that afternoon.

Mr. Willison applied for and was granted an extension of thirty days on his contract on the road from Edgemar to Rockaway, on motion of Casey, seconded by Francis.

One bid, that of Fred Leffer, was received for constructing 1.495 miles of roadway in the Fifth township, below La Honda, at a cost of $21,055.50.

The bid was rejected on motion of MacBain, seconded by Casey.

A. G. G. Hahn of the Exposition Commission reported that the commission had entered into contract with W. J. Black for the erection of a county exhibition booth, etc., at the exposition grounds at a cost of $5764, he being the lowest bidder.

A resolution was adopted on motion of MacBain, seconded by Francis, approving of the action of the Commission.

The District Attorney stated that he was in receipt of a communication from the Railroad Commission, giving its approval of the plan to raise the crossing at Holy Cross to the railroad grade. He had been informed by one of the railroad officials however, that that company would in all probability object to the change. In this event it would be necessary to present evidence to the Commission, showing the need of raising the crossing.

It was the sense of the board, on motion of MacBain, seconded by Casey, that the Governor be requested to appoint Mrs. Harriet Blackburn to succeed her late husband, D. E. Blackburn, as the representative of the Fifth district.

It was the order of the board, on motion of MacBain, seconded by Chairman Brown, that $250 be appropriated for the Belgian relief fund

A resolution was adopted on motion of Francis, seconded by MacBain, authorizing the auditor to transfer from the Fifth District fund to the Highway fund, $2,718.28, which amount had been borrowed by Supervisor Blackburn.

A communication was received from Tax Collector McSweeney, calling attention to the large and increasing volume of work of his offic and asking that he be allowed two deputies for seven months of the year until the Legislature shall have provided for his relief.

It was ordered, on motion of MacBain, seconded by Casey, that the communication be laid over until the next meeting.

District Attorney Swart advised the board that the payment of $250 to the Belgian relief fund was illegal. The matter was referred to him for further investigation, on motion of MacBain, seconded by Francis.

Fred Simmons, the constable of the Fourth township, apeared before the board and testified under oath that he had taken the census of his township and found that the population was over 2000.

The District Attorney then informed the board that it was its duty to raise Mr. Simmon's salary from $15 monthly to $50, since the law provides that salary for constables whose districts have a population of 2000. It was so ordered on motion of MacBain, seconded by Francis.

On motion of Francis, seconded by MacBain, Casey was authorized to purchase 300 feet of 12-inch culvert pipe and fifty feet of 36-inch pipe for use in his district.

It was ordered, on motion of

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

## MUST HELP OURSELVES FIRST.

If Redwood City expects, in the near future, to secure that place in the industrial world for which its people have for years hoped and planned, if the city is to secure the advantages to which it has so often been pointed out its natural surroundings justly entitle it, the effort must begin at home. Until its people have given some tangible evidence of their own faith in its possibilities they cannot well expect, and have but little right to claim, outside help.

It is all very well to hold meetings and pass resolutions declaring our confidence in the future. It may be well enough to tell the world our needs and to suggest means for their accomplishment. It would undoubtedly be advisable at times to ask for aid in achieveing our aspirations, but if we expect to obtain the assistance desired, we must give some practicable evidence of our readiness to help ourselves.

This is particularly true in the work necessary to the more extensive development of our natural resources. That this city is justly entitled to a share in the national aid which has been given to other localities no better, if as well, endowed by nature, there can be no question. But to secure this assistance we must, as these other places have done, take the initiative ourselves. We must signify, in a practicable manner, our readiness to bear at least a reasonable portion of the expense of the improvements which are in a large measure for our own benefit.

## NEW GRAND JURY CHOSEN; CHARGED AND BEGINS WORK

Eleven men and eight women, whose names were drawn from the jury box in the Superior Courtroom, were impaneled as the San Mateo county grand jury Monday morning. After the nineteen jurors had been sworn by Clerk Jos. H. Nash, Thos. L. Hickey of South San Francisco was appointed foreman by Superior Judge Geo. H. Buck.

The court's charge to the jury was without sensation. The most important matter called to its attention was the salaries paid to the county officers, some of whom, the Judge said, were receiving the pay of ordinary clerks. A draft of a bill for submission to the next Legislature was handed to the jury for their consideration.

Mrs. Nellie O'Keefe, wife of Jas. T. O'Keefe of Menlo Park, was appointed secretary.

After adjournment, the members of the grand jury inspected the jail and will make a thorough report upon its condition. A visit to the county hospital and farm will be made shortly by the members. A. H. Solon, a junior, employed in the office of E. J. White, a public accountant of San Francisco, has been selected to expert the books of the county. Mr. White, who was the expert several years ago, will supervise the work of Mr. Solon, who began his duties yesterday when he started in the office of the auditor. It will take sixty days to go over the accounts and books of the county. Mr. White says complete and thorough report will be made of the accounts of every office.

Following are the jurors:

First township—
W. J. De Gear, Easton.
A. D. Jenevein, San Bruno.
Henry Geilfuss, Colma.
Thomas L. Hickey, South San Francisco.
Katie Wight, Colma.

## MORE PLANS FOR COUNTY ROAD WORK

### City Council Making Another Effort to Settle Question of Curb and Walk Grades

Although a decidedly slim attendance in the spectators lobby would seem to indncate a lack of interest in the session of the city council Monday evening, several matters of more than usual public interest were given consideration. With all the trustees present, considerable time was devoted to another attempt to unravel the difficulties presented by the tangled grades of the County Road, in the hope that some means might be found of providing residents of that section with much needed sidewalk conveniences.

This subject was introduced after the disposition of the general business of the evening at the suggestion of Trustee Deleau, who urged that this matter was one of too much importance, both for the general appearance of the city and convenience of residents to permit of more than absolutely necessary delay. While the trustees generally admitted the force of the argument of Trustee Deleau, hasty action met with a strong protest from Trustee Tuchsen, who expressed a doubt as to the possibility of securing intelligent action until the winter rains had provided some practical demonstration of the provisions to be required for the disposition of storm waters. Apparently the chief difficulty to be met with is the problem of accommodating the grades of already established curbs by the county in the roadway, which apparently would require the rebuilding of many of the curbs which had been in place for some time. This the trusteeswere loath to require at the expense of the owners of property, who had conformed to grades given them by the city. After a considerable discussion of the subject, the trustees were informed by Deputy Surveyor Doxsee that data already obtained indicated that expense of this character might be avoided by the making of special provisions for individual sections. With the hope thus held out of securing some means of avoiding delay, an order was made directing that the surveyor's office submit at the next meeting of the council a report indicating the grades necessary for each individual block to secure sufficient drainage without disturbing present conditions. If this can be done, it may be judged from the disposition shown in the argument, some step will be taken to proceed with the work of constructing curbs and gutters.

Before proceeding with the regular business of the session, some time was devoted to an informal conferrence with representatives of the Southern Pacific Railway, as a result of which an understanding was reached regarding several matters which have been in controversy for some time. The conference was entirely amicable, the railway representatives evincing a disposition to comply with all reasonable demands. As a result of the talk the council was promised that steps would be taken for the macadamizing of Pennsylvania avenue along tha tracks with as little delay as possible, assurannce being given that estimates for the work were now being made. Assurances were also given that there would be no further delay in the installation of culverts where needed to facilitate the disposal ofthe winter's storm waters. While no definite agreements were made, it was the general understanding that efforts were to be made immediately to obviate the danger to travel at several street crossings.

Reports of the city officers and employees for the past month were presented by City Clerk Plump and after reading were filed for future reference.

Acoording to the report of City Marshal Coleman, the collections of his office for the month amounted to $8041.04, distributed among the various sources of revenue as follows:

| | |
|---|---|
| Water rates | $1069.25 |
| Water connections | 20.00 |
| Sewer connections | 20.00 |
| Plumbers fees | 17.50 |
| Miscellaneous licenses | 46.65 |
| Dog licenses | 8.00 |
| Sale old engine | 255.00 |
| Taxes | 4512.05 |
| Street Impr. Dist. 8 | 339.60 |
| Street Impr. Dist 13 | 1360.87 |
| Street Impr. Dist. 14 | 391.72 |

The report of City Treasurer Towne showed a balance in the general fund of $2468.08, and a balance of $1811 to the credit of the water fund.

According to the report of the poundmaster, the results of his work for the month consisted in the taking up and disposing of three horses and a like number of dogs.

Following the acceptance of deeds granting to the city rights of way for the purpose of maintenance and repairs, the Geo. H. Irving Comanp was granted permission to install a sewer system over the rear lines of lots in Redwood Highlands, the system to be accepted as the property of the city after its completion. This action was opposed by Trustee Tuchsen, who expressed a doubt as to the sufficiency of the right of way grant and the right of the city to enter upon the property over the objection of private owners.

The Omen Oil Company presented detailed plans of a public automobile service station to be erected at the junction of Main street and the County road, with a petition for a permit for its maintenance. Upon a report from Fire Chief Winter that the plans proposed complied with all protection regulations the permit was granted.

Chairman D. E. Graham of the Belgian Relief Committee reported that the collections to date amounted to $575, with promised subscriptions which would considerably increase this amount. He stated that it was the hope of the committee that the end of the present week would see the completion of its work.

Another effort by F. W. Grimm, proprietor of the Redwood City House, to secure an extension of the time for his saloon license, met with a cold reception on the part of the trustees. Although Mr. Grimm put up a strong plea that he be given additional time to secure a purchaser, he was given distinctly to undrestand that no further consideration would be accorded and that either a change of managemnet for the saloon must be secured before the end of the present month or the place must be closed.

After allowing the usual monthly claims an adjournment was taken until the next regular meeting.

# WARNING ISSUED TO DRIVERS OF VEHICLES

Districe Attorney Swart is notifying all traffic officers and other officers to give wornings to traveling public that every vehicle of every description whatsoever must during the night time, carry a light which is visible at a reasonable distance either from the front or from the rear of said vehicle. The ordinance has been misunderstood in that the impression has gotten out that every vehicle must carry two lights. This is not the provision of the ordinance. The ordinance simply requires that a light must be visible at a reasonable dstance both from the front and from the rear of the vehicle and if one light complies with this requirements the ordinance is fulfilled. This ordinance does not apply within the limits of incorporated cities. The county does not pretend to regulate traffic within the incorporated cities but always leaves this to the municipalities themselves. On and after November 25th arrests will be made of all persons who travel on the public roads either on bicycles or any other vehicle without a proper light.

It is also suggested that all pedestrians on the county roads use every care against accident at nights, in that the reflections of lights and the peculiar effect of the pavement when it is damp is such as to make it almost impossible for autoists to see persons on the county road unless they are carrying lights.

While the Board of Supervisors has not yet taken any action as to children playing upon public roads, parents and teachers should use every effort to educate the children to exercise care on these roads. With the constant stream of automobiles passing through the peninsula on Sundays and the danger of machines at night, children certainly should not play upon these pavements during these times. While there have as yet been no accidents, the officials are very much worried over the danger accompanying children skating on the public roads at any time.

The burden rests upon the parents, teachers and traveling public to use every precaution to avoid accidents which heretofore have been too common.

Steinberger, Stewart Frank, W. C. Graves, J. J. Hahir, A. Kincaid,, E. B. Fox, Guy Hull, W. A. Price, , D. E, O'Keefe, J. V. Swift, D. R. Stafford,

### Highway Bonds Sold.

Through the efforts of Supervisor John MacBain, who has been negotiating with E. H. Rollins & Sons, thex well-known bond buyers of San Francisco, a deal has been made whereby $200,000 of the county highway bonds have been disposed of. A meeting of the supervisors will be called for Wednesday to consummate the sale. Owing to the European war the bond market has been exceedingly dull. Gilt edge bonds bearing six per cent interest cannot find buyers. The county is fortunate indeed to find sale for that amount of its bonds. There still remains $250,000 to be disposed of. The money received from the recent sale will be used in completing contracts already entered into by the supervisors.

**Tuesday's Meeting.**

The Board of Supervisors met in adjourned session Tuesday at 10 a. m., there being present Wm. H. Brown, presiding, Jas. T. Casey and Jos. M. M. Francis.

Plans and specifications for the improvement of Oak Grove avenue in the Third Road District were presented by the Surveyor and adopted on motion of Francis, seconded by Casey, and the Clerk directed to publish a notice calling for bids for the work.

District Attorney Swart presented a written opinion advising the board that the payment of money to the Belgian relief fund would be a misappropriation of the county's funds and would result in making the board liable for such expenditure.

It was ordered, on motion of Francis, seconded by Casey, that the board's action of the previous day in appropriating $250 to the Belgian Relief Fund, be rescinded.

On motion of Casey, seconded by Francis, the road from Colma to Edgemar, constructed by Jas. Willison, was accepted.
